TRY SULPHUR ON AN ECZEMA SKIN

Costs Little and Overcomes Trouble Almost Over Night

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Mentho-Sulphur from any good druggist and use it like cold cream.—Advertisement.

Prohibitionists Will Celebrate Anniversary

The second anniversary of national constitutional prohibition victory will be celebrated by the Tulsa Women's Christian Temperance Union next Monday with a program of thanksgiving in the First Christian church from 10:30 o'clock in the morning until 4:30 that afternoon. Among the speakers so far announced by Mrs. Lila D. Lindsey, federation president, are President J. M. Jordan of the University of Tulsa, C. A. Border and A. A. Small. The three local unions will cooperate in the service and luncheon will be served at noon.

News on the excellent condition of the bank and pointed out that though many of the large banks of the country had suffered a reduction of 25 to even 50 per cent of their deposits in the past year, the Exchange National had practically held its own during what he termed the most trying period he has ever known in his bank banking experience. He also stated that he had encountered unfounded rumors to the effect that H. P. Brewer, now president of the Exchange National, had proposed to make Tulsa his future home.

Brewer then stated that he had sold his home in Kansas City and had steadily moved back to Oklahoma, his native state, and that he intended to make Tulsa his home.

No officers were elected, this being the duty of the newly elected board of directors.

Immediately following the adjournment of the stockholders' meeting of the Exchange National bank, a meeting of the same stockholders, representing the owners of the Exchange Trust company, was called to order.

WATTERSON'S PAPER BURNS

Building Built With Bricks That Came From London, Ruined.

LOUISVILLE, Ky., Jan. 10.—The old Courier-Journal building was destroyed by fire this afternoon with an estimated loss of between \$500,000 and \$1,000,000. The blaze started in a jewelry shop on the fourth floor and baffled the efforts of the entire fire department to check its spread.

The building, built with bricks brought from England at a cost of \$200,000, a show place of the mid-west and Kentucky for a number of years, was erected by General William Bruce Hatfield.

It was here that Col. Henry Watterson worked.

The new Courier-Journal building, about half a block away, was several times in danger but flames succeeded in diverting the flames.

PROTEST AGAINST NEWS CENSORSHIP

Many Newspapers Oppose Restrictions on Racing News

WASHINGTON, Jan. 10.—Opposition of newspapers to enactment of proposed antigambling legislation which would prohibit the publication of racing odds and other data which could be used in betting, was voiced today before a senate judiciary sub-committee by S. E. Thomas, general manager of the Chicago Tribune and a representative of the legislative committee of the American Newspaper Publishers Association; Elbert H. Baker of the Cleveland Plain Dealer; W. F. Wiley of the Cincinnati Enquirer; and H. R. McCormick of the Chicago Tribune. H. N. Prince of the National Tribune bureau, and Reverend William R. Chase of Brooklyn, were among those who spoke in support of the proposed legislation.

The legislation is proposed in a rider to the postal bill, passed the senate and is introduced by Senator Sterling, republican, South Dakota. The committee announced tonight there would be no further hearings.

While not specially authorized by the 350 newspapers comprising his association to speak for them, Mr. Thomas stated that he had submitted to practically all the larger newspapers a summary of his statement and that all except one supported his position.

Few Having Racing News. There are more than two thousand daily newspapers in the country, Mr. Baker explained, and an overwhelming majority of them do not carry racing news. Publishers of the newspapers with racing news, he declared, are high-minded and of a body of men as engaged in any profession, with as high a sense of public duty and public spirit as any. He advised the committee of the cooperation of the newspapers of Cleveland at all times.
